

Welcome to Summit Women's Care. We are pleased that you chose us to care for you during this special time.

In order to make this experience as smooth and painless as possible we would like to give you information on the financial aspect of your pregnancy. We offer a 30% discount if you pay for services before you deliver and 20% if you need to keep making payments after delivery. These options are available to you if you do not have maternity benefits through your insurance plan, you don't have insurance coverage or if your insurance leaves a portion of the balance to you.

For patients who either don't have maternity benefits or are self pay patients, the following information applies to you.

The charge for a vaginal delivery is \$2750.00 this includes the global ob care

$$\$2750.00 - 20\%(\$550) - 10\%(\$275.00) = \$1925.00$$

$$\$2750.00 - 20\%(\$550) = 2200.00$$

The charge for a C-Sections is \$3438.00 this also includes the global ob care.

$$\$3438.00 - 20\%(\$687.60) - 10\%(\$343.80) = 2402.10$$

$$\$3438.00 - 20\%(\$687.60) = \$2850.40$$

If you need to come in for any other visits other than ob such as a urinary tract infection, or cold you will be charged for an office visit. Again you may get your discount if you pay for the visit at the time of service or contact our self pay team to set up a payment plan.

The self pay team phone number is 303-584-8117.

The hospital, anesthesia and lab companies will charge separately for their services and hospital payment will be expected at time of post partum day 1.

Please let us know if you have any questions or concerns. We would like to make this process as painless as possible for you.

Sincerely,

Summit Women's Care
